Provincial Assembly

The Provincial Assembly in Ken-Tan Province this year was held from 28th to 29th January 2025, at the Common Formation Centre, Nairobi. During the Assembly, the confreres got to know the status of the mission and ministries in the province through presentations from the Provincial Leadership and particular offices and missions. The assembly also gave an opportunity for all confreres to celebrate our Saints Arnold Janssen and Joseph Freinademetz, whose feasts occurs in the month of January, i.e. St. Arnold 15th and St. Joseph 29th. During the same gathering, our first and second year theology students were instituted into the ministries of lector and acolyte respectively. The province renewed its commitment for the missions and made plans for the whole year.

For the last 5 years, the Cassago Missionary Group from Milan, Italy, have been assisting our mission in Simanjiro to bring education closer to hundreds of children who live in very interior village, through construction of Nursery Schools. On 10th February, Melina and Jean Paulo, the group founders and representatives visited to inaugurate the new classroom in Katikati Sukuro. On 11th they visited Noomoton School which was completed in 2021. Many blessing to them for their generosity.

Feast of St. Arnold

St. Barnabas Parish Kimumu, Eldoret celebrated the feast of St. Arnold Janssen together with the Lay Partners. The Lay Partners complement significantly our mission both in the parishes and other institutions. We appreciate all of you.

On 14th of February, the world marks the Day of "Couples love" attributed to St. Valentine. SVD Epiphany Parish in Burka held a Marriage Vows Renewal Mass with couples to mark the day. Both young and elderly couples participated in the colorful celebration. The institution of marriage is facing a lot of challenges and therefore, couples need to keep the fire of their love flaming all the time to overcome them.
